## Light Duty Cartridge Vessel LCF series

### VERSATILE DESIGN FOR GENERAL PURPOSE APPLICATION

Our Light Duty Cartridge Vessel is designed for general purpose application. Our cartridge vessel is available in 3 , 5 and 7 rounds in SS304 and SS316 material. We are able to supply for all industrial standard DOE and SOE configuration of up to 40" length cartridge.

### Features

Convenient V Clamp closure design for easy cartridge change out.

Unique design able to fit either DOE (double open end) or SOE with "222" configuration.

SS304 and SS316 material construction are our standard.

Smooth Bead blasted finishing for easy cleaning, electro-polishing is optional.

Max Operating pressure – 7 Bar at 25 Deg C.

Inlet/Outlet Connection - 1 ½" NPT or 2" - 3" ANSI Flange.

Vent/Drain - ¼" / ¾" NPT.

## How To Order From Us

### Send us an inquiry, we will respond with a quote

Whether its for filter housing, filter bags, cartridges, or customisable solutions, we'll respond with a quotation for your needs. We ensure the highest quality finishes and consistency in our products. Email us your requirements and we'll get in touch.

### Purchase order & agreement, and production

Once a purchase order is made and our payments terms are agreed to, we'll begin production of your order. Depending on the order, our lead time would vary between one week to four weeks. We'll keep you updated on the progress and status.

### Completion, delivery, and sea freight

Once completed, we'll arrange a sea freight shipment to your specified location. We deliver internationally. Delivery by courier is also available. Clients can choose to arrange for self collection direct from our factories through a forwarder, if they would like to handle their own shipment.
