Polyolefin Filter Cartridge
UGD Series

**Features**

- Bi-Component Media – suitable for solvent filtration
- 100% pure polyolefin – No foaming issue
- Suitable for F&B Application

**Specification**

- Length – 9 ¾”, 10”, 19 ½”, 20”, 29 ¼”, 30”, 39”, 40”
- Material used:
  - Polyolefin
- Micron rating available:
  - 0.5 to 150 micron
- Dimension
  - 65 mm OD
  - 30 mm ID

**TECHNICALLY ADVANCED SILICONE FREE NON FOAMING MULTI-COMPONENT CARTRIDGE**

UGD Polyolefin Filter Cartridge
- Unique multi-component / multi-layers structure with graded density to meet your stringent demand for quality filtration, the graded density thermally bonded the non-woven fabric layers with pre and final layers of filtration to capture more particles and allows to have high flow rate as well as higher filtration efficiency
- 100% pure polyolefin, no surfactants and binders used in manufacturing process, therefore no foaming issue.
- FDA compliance, suitable for Food & Beverage Application.

How To Order From Us

Send us an inquiry, we will respond with a quote

Purchase order & agreement, and production

Completion, delivery, and sea freight

Whether it's for filter housing, filter bags, cartridges, or customisable solutions, we'll respond with a quotation for your needs. We ensure the highest quality finishes and consistency in our products. Email us your requirements and we'll get in touch.

Once a purchase order is made and our payments terms are agreed to, we'll begin production of your order. Depending on the order, our lead time would vary between one week to four weeks. We'll keep you updated on the progress and status.

Once completed, we'll arrange a sea freight shipment to your specified location. We deliver internationally. Delivery by courier is also available. Clients can choose to arrange for self collection direct from our factories through a forwarder, if they would like to handle their own shipment.
